EX-GOV. FRANCIS

Of Missouri Elevated to a Cabinet Position.

He is Appointed by the President as Hoke Smith's Successor,

And Will Assume the Duties of Secretary of the Interior on September 1.—The Ex-Governor Has Been Prominent in Sound Money Democratic Ranks.

BUZZARD'S BAY, Mass., Aug. 25.—President Cleveland announced Monday night that David R. Francis, ex-governor of Missouri, had been appointed secretary of the interior, vice Hoke Smith, resigned, and that he will assume the duties of his office September 1.

David Rowland Francis, the successor of Hon. Hoke Smith as secretary of the interior, was born of Scotch-Irish parents in Richmond, Ky., October 1, 1830. Supplementing his common school education in Kentucky, he graduated from Washington university in this city in 1850 with the degree of bachelor of arts. After three years' apprenticeship in commercial life, he organized the D. R. Francis & Bro. Commission Co., which is still one of the leading firms operating at the Merchants' exchange. In 1852 he was elected vice president of the exchange and the following year was chosen president. He has been a life-long democrat and in 1884 was a delegate to the convention that nominated Mr. Cleveland for president. The following year he was elected mayor of St. Louis by 1,400 majority, overcoming a former republican majority of 11,000. Long-needed municipal reform flourished under his administration. In 1888 he was elected governor of Missouri, by one of the heaviest majorities ever achieved by his party in Missouri, and his wise conduct of the office is still a criterion. Prior to the Chicago convention of this year he was prominent in the ranks of the sound money democrats and took a leading part in the effort to beat back the rising tide of silver agitation. In 1876 Mr. Francis was wedded to Miss Jennie Perry, of St. Louis, daughter of John D. Perry, president of the Laclede national bank. Six boys were born of this union.

AN ADDRESS.

Issued by President Warner, of the Bimetallists in the United States.
CHICAGO, Aug. 25.—President Warner, of the American Bimetallic union, Monday night issued an address "To the friends of bimetalism in the United States."

He reviews the situation from a point of view favorable to free coinage and says the question should be carefully studied by every voter before he casts his ballot. "This can not be done," says the address, "through the medium of ordinary daily newspapers, for as a rule they are filled with catch phrases and appeals to special interest that are simply intended to prejudice and mislead."

"By far the best method of diffusing education upon this subject," declares the address, "is through the medium of clubs and leagues or unions. Such organizations bring the voters together in compact bodies and enable them to collectively obtain at nominal rates the very best literature extant. This in turn leads to discussions, not only by speakers from the platform but between individuals. As a result the chaff is separated from the solid grain, the essential and material matter is sifted out of a great mass that really does not touch the essence of the question at all. The great contest is now on and it can only be settled at the polls. To the end that the decision may be right, the American Bimetallic union strongly urges the formation of silver clubs and leagues in every state, county, city, town and school district in the union."

President Warner pledges his organization to aid in the work of organization and education to the best of its ability, providing free such literature as can be so furnished and all that necessarily involves expense will be provided at cost.

WORLD AMATEUR RECORD

Lowered One-Fifth of a Second by Earl Bovee, of Birmingham.

BINGHAMTON, N.Y., Aug. 25.—Over 3,000 people saw Earl Bovee, of this city, lower the world's amateur competitive record for two-thirds of a mile from 1:25.1-5 to 1:23.5, at the national circuit races at the Birmingham Athletic association grounds here Monday.

The professional riders displayed a tendency to loaf in the trial heats, although the time in the finals was fairly good. Summaries:
